Raleigh Mojave

8.0 \$700

Efficient climber; able descender

BALANCED: With a longer-than-normal top tube, the Mojave is best suited for stability on fast fire-road descents. The Avid BB5 mechanical disc brakes and RockShox Tora 289 fork are affordable choices for an entry-level investment.

CLEAN: Efficient geometry, aluminum tubing and a simple-yet-elegant paint scheme are always winners. **SIZES:** 14, 16, 18, 20, 22 in. **FRAME/COMPONENT HIGHLIGHTS:** Atomic 13 SL custom-butted aluminum frame; RockShox Tora 289 fork w/ 100mm travel; Shimano Deore shifters, derailleurs, MC442 crankset; Avid BB5 mechanical disc brakes; Avenir 100 series alloy handlebar, stem—J.L.
